CLOSURE PLAN APPROVAL

CERTIFIED MAIL

October 26, 1990

Re: Closure Plan
Millico Construction Company
OHD 986 971 422

Robert M. Miller, President
Millico Construction Company
4378 Tuller Road
Dublin, Ohio 43017

RECEIVED
OCT 26 1990
OHIO DEPARTMENT OF
ENVIRONMENTAL PROTECTION

Dear Mr. Miller:

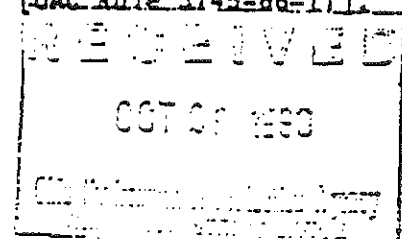

On March 14, 1990, Millico Construction Company submitted to Ohio EPA a closure plan for a hazardous waste pile located at Sancus Blvd. and Dearborn Park Lane, Worthington, Ohio. Revisions to the closure plan were received on July 30, 1990, in response to my June 15, 1990, closure plan Notice of Deficiency letter. The closure plan was submitted pursuant to Rule 3745-66-12 of the Ohio Administrative Code (OAC) in order to demonstrate that Millico Construction Company's proposal for closure complies with the requirements of OAC Rules 3745-66-11 and 3745-66-12.

The public was given the opportunity to submit written comments regarding the closure plan of Millico Construction Company in accordance with OAC Rule 3745-66-12. No comments were received by Ohio EPA in this matter.

Based upon review of Millico Construction Company's submittal and subsequent revisions, I conclude that the closure plan for the hazardous waste facility at Millico Construction Company meets the performance standard contained in OAC Rule 3745-66-11 and complies with the pertinent parts of OAC Rule 3745-66-12.

The closure plan submitted to Ohio EPA by Millico Construction Company is hereby approved with the following modifications:

1. Sample locations 1, 2, 3 and 4 must be sampled and tested for total chromium and total lead content of the soil. The TCLP test can not be used to analyze these samples as mentioned in Section 5.5.0. [OAC Rule 3745-66-11].
2. The next deeper soil sample must be analyzed for any sampling points where the total chromium or total lead levels are equal to or above the action levels (23 ppm and 39 ppm, respectively). [OAC Rule 3745-66-11].

By: Marcus Carver

Date OCT 26 1990

3. Contaminated soil removed from the pile area and placed into roll-offs shall be sampled for the six F006 treatment standards using TCLP analysis. F006 treatment standards for nonwastewaters are established in OAC 3745-59-41 (40 CFR 268.41) and OAC 3745-59-43 (40 CFR 268.43) for the constituents of concern: lead, total chromium, cadmium, silver, nickel, and cyanides. Total metal content does not have to be determined for contaminated soil destined for disposal as indicated in Section 6.1.2. [OAC Rule 3745-59-33].
4. If resampling of the area where contaminated soil has been removed detects additional soil with levels above action levels, removal will continue until all contaminated soil is removed. Complete removal shall be confirmed when no comparison samples exceed action levels. [OAC Rule 3745-66-11].
5. The soil making up the berm around the waste pile must be managed and disposed of as a listed hazardous waste. [OAC 3745-51-03].

Alternatively, the soil along the outside of the berm which has not been in contact with standing water may be placed into a roll-off(s). One composite sample must be collected from the roll-off and analyzed for total lead and chromium. If levels are above action levels stated in the closure plan (23 ppm total chromium concentration and 39 ppm total lead concentration), the soil must be disposed of as a listed waste. An additional composite sample would then need to be collected for TCLP analysis to determine if the soil may be sent directly to a landfill or will require prior treatment. If the lead and chromium levels are below action levels, the soil would be considered nonhazardous. Soil which lies inside the berm must be placed into a separate roll-off(s) and sampled using TCLP for the six F006 treatment standards mentioned above and for total lead and chromium. Disposition of this soil would follow the same procedures as described for soil along the outside of the berm. [OAC 3745-66-11].
6. Wastewater removed from within the berm must be handled as an F006 hazardous waste and manifested to a hazardous waste facility. (OAC Rule 3745-51-03 and OAC Rule 3734.02(F)).

Notwithstanding compliance with the terms of the closure plan, the Director may, on the basis of any information that there is or has been a release of hazardous waste, hazardous constituents, or hazardous substances into the environment, issue an order pursuant to Section 3734.20 et seq of the Revised Code or Chapters 3734 or 6111 of the Revised Code requiring corrective action or such other response as deemed necessary; or initiate appropriate action; or seek any appropriate legal or equitable remedies to abate pollution or contamination or to protect public health or safety or the environment.

CHIEF CLERK
OCT 26 1990
EMERGENCY OPERATIONS JOURNAL

Mr. Robert M. Miller
Page Three

Nothing here shall waive the right of the Director to take action beyond the terms of the closure plan pursuant to the Comprehensive Environmental Response, Compensation and Liability Act of 1980, 42 U.S.C. §9601 et seq., as amended by the Superfund Amendments and Reauthorization Act of 1986, Pub. L. 99-499 ("CERCLA") or to take any other action pursuant to applicable Federal or State law, including but not limited to the right to issue a permit with terms and conditions requiring corrective action pursuant to Chapters 3734 or 6111 of the Revised Code; the right to seek injunctive relief, monetary penalties and punitive damages, to undertake any removal, remedial, and/or response action relating to the facility, and to seek recovery for any costs incurred by the Director in undertaking such actions.

You are notified that this action of the Director is final and may be appealed to the Environmental Board of Review pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. It must be filed with the Environmental Board of Review within thirty (30) days after notice of the Director's action. A copy of the appeal must be served on the Director of the Ohio Environmental Protection Agency and the Environmental Enforcement Section of the Office of the Attorney General within three (3) days of filing with the Board. An appeal may be filed with the Environmental Board of Review at the following address: Environmental Board of Review, 236 East Town Street, Room 300, Columbus, Ohio 43266-0557.

When closure is completed, the Ohio Administrative Code Rule 3745-66-15 requires the owner or operator of a facility to submit to the Director of the Ohio EPA certification by the owner or operator and an independent, registered professional engineer that the facility has been closed in accordance with the approved closure plan. The certification by the owner or operator shall include the statement found in OAC 3745-50-42(D). These certifications should be submitted to: Ohio Environmental Protection Agency, Division of Solid and Hazardous Waste Management, Attn: Thomas Crepeau, Data Management Section, P.O. Box 1049, Columbus, Ohio 43266-0149.

Sincerely,

Richard L. Shank, Ph.D.
Director

16. GENERATOR'S CERTIFICATION: I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked, and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.

If I am a large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health and the environment OR, if I am a small quantity generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

ENGINEER CERTIFICATION

P.E. CERTIFICATION

In accordance with the requirements of Section 3745-66-15 of the Ohio Administrative Code, the subject property discussed in the attached report has been closed pursuant to the approved closure plan and with the closure plan report attached hereto.

By: Alfred J. Andrews

Date: 3-26-91

*

Under temporary authorization. Based on application to register by comity in the State of Ohio, dated February 19, 1991, but will expire on May 31, 1991.

By: Alfred J. Andrews

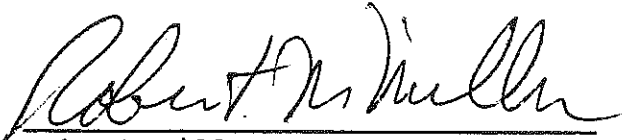

11,683

Kentucky Registration No.:

Certification by Owner/Operator

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

RECEIVED

OCT 2 1991

MEMORANDUM

OFFICE OF RCRA
Waste Management Division
U.S. EPA, REGION VI

To: Financial Assurance File
From: *CR* Carolyn Reiersen through Laurie Stevenson, *LS* HWES, DHWM
Subject: Millco Construction Company, OHD986971422
Date: September 26, 1991

|||||
On July 15 and September 26, 1991 Ohio EPA conducted reviews of the financial assurance and liability coverage documentation for the Millco facility referenced above. Millco has not established a closure cost estimate and financial assurance for closure as required by OAC rules 3745-66-42 and 3745-66-43 and Order No. 6 of the Director's Final Findings and Orders issued June 6, 1989. Also, Millco has not established liability coverage as required by OAC rule 3745-66-47. The last notice of violation regarding financial assurance and liability coverage requirements is dated February 27, 1990.

Closure of the hazardous waste pile(s) at the facility has been conducted; certifications were received by Ohio EPA on July 15, 1991. After a site inspection and review of the certifications, the Agency has decided to accept the certifications of closure. A "final letter" from Tom Crepeau is forthcoming.

Because the Agency considers the facility clean closed with respect to the hazardous waste units, the financial assurance and liability coverage requirements are no longer applicable to this facility. No additional notice of the historical financial assurance violations will be sent to Millco at this time.

Re: York Realty, Inc.

Dear Shareholders:

Please be advised that I have pledged all of my interest in the stock of York Realty, Inc. to BancOhio National Bank. For your information, I have enclosed a copy of the pledge agreement. You are hereby irrevocably instructed to comply with the terms of this agreement until such time as BancOhio National Bank provides written evidence to you that the Note referenced in this pledge agreement has been paid in full.

If you have any questions, please call Steve Smith at BancOhio National Bank, 614/463-7738. Please signify your agreement to the terms of this letter by signing a copy and returning it to the undersigned for delivery to BancOhio National Bank.

Sincerely,

Robert M. Miller

AGREED:

PLEDGE AND SECURITY AGREEMENT

THIS PLEDGE AND SECURITY AGREEMENT ("Security Agreement") is entered into as of this 11 day of March, 1991 from ROBERT M. MILLER, ("Borrower") to BANCOHIO NATIONAL BANK, 155 East Broad Street, Columbus, Ohio 43215 ("Lender");

WHEREAS, Borrower, has executed to the benefit of Lender a cognovit promissory note in the sum of One Hundred Fifteen Thousand Dollars (\$115,000.00) a copy of which is attached hereto as Schedule "1" (hereinafter, the "Note"); and

WHEREAS, Borrower has agreed to grant to Lender a security interest in certain stock in accordance with the terms of this Security Agreement;

NOW, THEREFORE, intending to be bound, the parties hereto hereby agree as follows:

1. GRANT OF SECURITY INTEREST. Borrower hereby grants a security interest in, pledges, assigns, transfers and sets over unto Lender and Lender's successors and assigns, all of his right title and interest in and to the shares of stock described on Schedule "2" attached hereto and incorporated herein, together with all substitutions, replacements, and additions therefor or thereto, all dividends, distributions, income and cash flow arising therefrom, payable therein or distributed in respect thereto, whether in cash, property, stock or otherwise, and whether now or hereafter declared, paid or made and together with the right to receive and receipt therefor, and all cash and non-cash proceeds thereof, including but not limited to, notes, drafts, checks, instruments, and deposit and money market accounts (hereinafter referred to as the "Stock").

The security interest hereby granted is to secure the prompt and full payment and complete performance of the Note. Failure to deliver the Stock for possession by Lender shall not defeat the security interest granted herein.

2. WARRANTIES AND REPRESENTATIONS. Borrower, for the benefit of Lender, hereby represents and warrants as follows:

- A. Borrower holds title and ownership of the Stock and is the sole and record owner of the Stock, free from any and all liens, security interests, encumbrances, claims and interests.
- B. Each share of the Stock is fully paid and nonassessable and is transferable without restriction or limitation on the books and records of York Realty, Inc. ("York").
- C. York is an Ohio corporation, duly organized, validly existing and in good standing.

- D. Borrower shall, at Borrower's own expense, perform do, make, procure, execute and deliver all acts, things, writings, and other assurances that Lender may at any time reasonably request or require to protect, assure, or enforce its interests, rights, and remedies created by, provided in or emanating from this Security Agreement.
 - E. Borrower shall not create, permit, or suffer to exist, and shall take such action as is necessary to remove, any claim to or interest in or lien or encumbrance upon the Stock, other than the security interest granted hereby, and shall defend the right, title, and interest of Lender in and to the Stock against all claims and demands or all persons and entities, at any time claiming the same or any interest therein, including but not limited to any claim relating to this Security Agreement brought in connection with any bankruptcy action, whether voluntary or involuntary.
 - F. All information furnished by Borrower concerning the Stock or otherwise in connection with the Note, is or shall be at the time the same is furnished, accurate, correct and complete in all material respects.
 - G. This Security Agreement will not conflict with any provision of the governing documents of York, or any agreement or other instrument to which Borrower or York is or will be a party or subject to.
 - H. There is no pending or threatened litigation relating to the Stock.
 - I. The shareholders of York are Borrower, William M. Miller and Nanci S. Braun.
3. INFORMATION. Borrower shall provide to Lender all information regarding York that he is entitled to receive.
4. VOTING. During the term of this Security Agreement, and so long as there is no uncured and continuing default in the observance and performance of any of the terms of this Security Agreement or of the Note, Borrower shall have the right to vote the stock of York on all corporate questions.
5. SUBSTITUTED AND ADDITIONAL SHARES. If during the term of this Security Agreement, any stock dividend, reclassification, readjustment, merger, or other change is declared or made in the capital structure of York, all new or substituted and additional shares or other securities issued in respect to the Stock shall

be held by Lender under the terms of this Security Agreement in the same manner as the Stock originally pledged hereunder.

6. WARRANTS AND OPTIONS. If during the terms of this Security Agreement, subscription warrants or options are issued in connection with the Stock or any other securities at the time held by Lender hereunder, such warrants and options shall be immediately assigned by Borrower to Lender, and all new stock or other securities acquired by Borrower in connection therewith shall be immediately assigned to Lender to be held by Lender under the terms of this Security Agreement in the same manner as the Stock originally pledged hereunder.

7. PRESERVATION AND DISPOSITION OF STOCK. Borrower shall advise Lender promptly, in writing and in reasonable detail, (i) of any encumbrance upon or claim asserted against any of the Stock; and (ii) of the occurrence of any event that would have a material effect upon the aggregate value of the Stock or upon the security interest of Lender. Borrower shall pay promptly when due all taxes, assessments, charges or levies upon the Stock or in respect to the income or profits therefrom or the transfer or registration thereof. At its option, Lender may discharge taxes, liens, security interests, or other encumbrances at any time levied or placed on or arising in connection with the Stock. Borrower agrees to reimburse Lender upon demand for any payment made or expense incurred (including but not limited to attorneys' fees) by Lender pursuant to the foregoing authorization and in connection with the preparation, execution and performance of the terms of this Security Agreement.

8. EXTENSIONS AND COMPROMISES. With respect to any Stock held by Lender as security for the Note, Borrower assents to all extensions or postponements of the time of payment thereof or any other indulgence in connection therewith, to each substitution, exchange or release of Stock, to the addition or release of any party primarily or secondarily liable to the acceptance of partial payments thereon and to the settlement, compromise, adjustment thereof, all in such manner and at such time or times as Lender may deem advisable. Lender shall have no duty as to the collection or protection of the Stock or any income therefrom, nor as to the preservation of rights against prior parties, nor as to the preservation of any right pertaining thereto, including but not limited to any claim relating to this Security Agreement brought in connection with any bankruptcy action, whether voluntary or involuntary, beyond the safe custody of the Stock in the possession of Lender.

9. DIVIDENDS. During the pendency of this Security Agreement, the dividends and other distributions paid from the Stock shall be paid to Lender.

10. BANK'S APPOINTMENT AS ATTORNEY-IN-FACT. Borrower hereby irrevocably constitutes and appoints Lender and any officer or agent thereof, with full power of substitution, as Borrower's true and lawful attorney-in-fact with full irrevocable power and authority in the place and stead of Borrower and in the name of Borrower or in Lender's own name, from time to time in Lender's discretion, for the purpose of carrying out the terms of this Security Agreement, to take any and all appropriate action and to execute any and all documents and instruments that may be necessary or desirable to accomplish the purposes of this Security Agreement, including but not limited the right to sell, assign, transfer, and set over all or any part of the Stock and for that purpose to make or execute all necessary acts of assignment and transfer thereof and to endorse and deposit any and all instruments, checks or other items received by Lender pursuant to the terms of this Security Agreement. Borrower hereby ratifies all that said attorneys shall lawfully do or cause to be done by virtue hereof. This power of attorney is a power coupled with an interest and shall be irrevocable. The powers conferred upon Lender hereunder are solely to protect its interest in the Stock and shall not impose any duty upon Lender to exercise any such powers. Lender shall not be responsible to Debtor for any act or failure to act, except for Lender's willful misconduct.

11. DURATION OF AGREEMENT. This Security Agreement shall be of no further force and effect at such time as the Note has been paid in full.

12. ASSIGNABILITY. This Security Agreement and the Stock received pursuant thereto may be assigned by Lender in whole or in part.

13. DEFAULT. If any event of default in the payment or performance of the Note secured by this Security Agreement or the performance of any covenant contained herein shall occur and be continuing, or if any warranty, representation or statement made or furnished to Lender by Borrower proves to have been false in any material respect when made or furnished;

- A. Lender may, at its option and without notice, declare the unpaid balance of the Note immediately due and payable and this Security Agreement and the Note in default.
- B. All payments received by Borrower under or in connection with any of the Stock shall be held by Borrower in trust for Lender, shall be segregated from other funds of Borrower and shall forthwith upon receipt by Borrower be turned over to the Lender in the same form as received by Borrower (duly indorsed by

Borrower to Lender, if required). Any and all such payments so received by Lender (whether from Borrower or otherwise) may, in the sole discretion of Lender, be held by Lender as collateral security for, and/or then or at any time thereafter be applied in whole or in part by Lender against the Note. Any balance of such payments held by Lender and remaining after payment in full of the Note shall be paid over to Borrower or to whomsoever may be lawfully entitled to receive the same. Nothing set forth in this subparagraph (B) shall authorize to be construed to authorize Borrower to sell or otherwise dispose of any of the Stock.

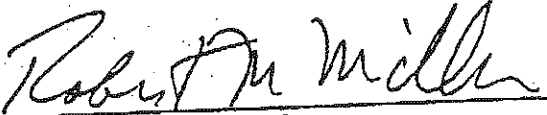

- C. Lender shall have the rights and remedies of a secured party under this Security Agreement, under any other instrument or agreement securing, evidencing or relating to the Note and under the law of the State of Ohio. Borrower agrees that Lender need not give more than five (5) days' notice (which notification shall be deemed given when mailed, postage prepaid, addressed to Borrower at Borrower's address set forth at the beginning of this agreement, if any, of the time and place of any public sale or of the time after which a private sale may take place and that such notice is reasonable notification of such matters. Borrower shall remain liable for any deficiency if the proceeds of any sale or disposition of the Stock are insufficient to pay all amounts to which Lender is entitled. Borrower shall also be liable for the costs of collecting the Note or otherwise enforcing the terms thereof or of this agreement including reasonable attorneys' fees.

14. INDEMNIFICATION. Borrower hereby agrees to indemnify Lender from any and all claims, demands, damages, costs, and fees (including but not limited to reasonable legal fees) relating in any way to the execution and delivery of this Security Agreement and the enforcement of Lender's rights thereunder.

15. GENERAL. Any provision of this agreement which is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition of unenforceability without invalidating the remaining provisions hereof, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Lender shall not be deemed to have waived any of its rights hereunder or under any other agreement, instrument or paper signed by Borrower unless such waiver be in writing and signed by Lender. No delay or omission on the part of Lender in exercising any right shall operate as a waiver of such right or any other right. All of Lender's rights

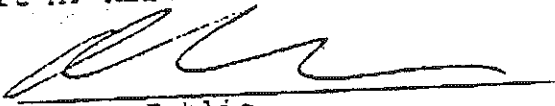

and remedies, whether evidenced hereby or by any other agreement, instrument or paper, shall be cumulative and may be exercised similarly or concurrently. Any written demand upon or written notice to Borrower shall be effective when received by Borrower. This Security Agreement and all rights and obligations hereunder, including matters of construction, validity and performance, shall be governed by the law of the State of Ohio. The provisions hereof shall, as the case may require, bind or inure to the benefit of, the respective heirs, successors, legal representatives and assigns of Borrower and Lender.

IN WITNESS WHEREOF, Borrower has executed this Security Agreement intending to be bound by its terms as of the date first above written.

UNITED STATES ENVIRONMENTAL PROTECTION AGENCY
REGION V

DATE: JUN 22 1992

SUBJECT: Millco OHD 986 971 422

FROM: Sheri L. Bianchin, Environmental Engineer
OH/MN Technical Enforcement Section

THRU: Joseph M. Boyle, Chief
RCRA Enforcement Branch

TO: Compliance File

ORIGINAL SIGNED BY
JOSEPH M. BOYLE

Based on factors outlined in this memorandum, U.S. EPA Region V will not pursue an enforcement action at the present time against Millco located in Worthington, Ohio for Land Disposal Restriction (LDR) violations. U.S. EPA believes that Millco violated the LDR when it purchased material from Inorganic Recycling, Inc., and placed it into piles at its facility. The material is a hazardous waste because it was derived from the treatment of wastewater treatment sludge from electroplating operation (hazardous waste F006), and because it exhibited the hazardous waste characteristic for EP toxicity due to its chromium) content (hazardous waste number D007).

The factors which U.S. EPA believe are relevant in using its enforcement discretion are 1) the facility has no ability to pay; and 2) any relief sought in this case would be penalty only.

First, based on discussions with the Ohio Attorney General's Office, (see attached phone memo) Robert M. Miller, the president of the company has very few unattached assets, and faces some \$1,700,000 in unpaid judgements. Additionally, pursuant to the State's Findings and Orders (F&Os), Mr. Miller has agreed to pay the State of Ohio \$21,500 on behalf of Millco, over an extended period of time the time schedule allowed by the State is based on the facility's diminished ability to pay. Documentation regarding the facility's diminished ability to pay is forthcoming from the Ohio Attorney General.

Second, pursuant to the State of Ohio's F&Os, the facility has performed RCRA closure, and no injunctive relief remains to be sought.

Based on the above-mentioned factors, U.S. EPA Region V will not pursue the enforcement action at this time.

RE: Dearborn IV

Dear Sirs:

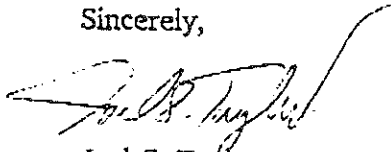

This letter is being delivered to you in your capacity as a tenant of Millco Properties, an Ohio General Partnership.

Please be advised that Millco Properties has defaulted on its mortgage to Commonwealth of Pennsylvania State Employees' Retirement System (SERS).

Millco Properties executed an absolute Assignment of Rents and Leases in favor of SERS, a copy of which is enclosed. This Assignment authorizes SERS to collect all rents arising from a lease of the premises located at the above-referenced address upon a default by Millco Properties. Please do not make any additional rental payments to Millco Properties. If you do so, you may be required to pay the same rent twice.

All future rental payments should be made payable to Commonwealth of Pennsylvania State Employees' Retirement System and mailed in care of Wayne Rohde, W. Lyman Case & Company, 1500 Lake Shore Drive, Suite 400, P.O. Box 44603, Columbus, Ohio 43204-0603.

Sincerely,

Joel S. Taylor

JUL 3 1991

DIV. of SOLID & HAZ. WASTE MGT.

Dear Ms. Gerhardt:

On May 9, 1991, the Ohio Environmental Protection Agency (OEPA) inspected the property at 777 Dearborn Park Lane, Worthington, Ohio (hereafter referred to as the "facility") for compliance with Ohio's hazardous waste regulations. This facility is considered to be a hazardous waste treatment, storage and disposal (TSD) facility, albeit unpermitted, because the previous owner, Millco Construction Co. (hereafter referred to as Millco), received hazardous wastes from an off-site facility and stored it in a waste pile at the facility. These activities were conducted without a permit from the Hazardous Waste Facility Board, in violation of Ohio Revised Code Sections 3734.02(E) and (F). During the inspection, you stated that on March 13, 1991, BancOhio became the owner of the facility through foreclosure procedures. No hazardous waste was being managed or generated at the facility at the time of the inspection.

In September, 1988, Millco purchased aggregate material from Inorganic Recycling, Inc., for use as parking lot base in its construction operations. The material was subsequently sampled by the Ohio EPA and found to fail the EP toxicity test for chromium. Since the material was also derived from electroplating sludges, it was also considered to be a listed hazardous waste (F006).

The Ohio EPA approved a closure plan submitted by Millco for the waste pile on October 26, 1990. The waste pile, contaminated soil and contaminated surface water were removed and soil samples collected after excavation indicate that "clean" levels established in the approved plan were met. However, some of the contaminated soil was not disposed of at a permitted hazardous waste facility in accordance with the approved closure plan. Because of this discrepancy, Millco, the owner at the time of closure, cannot certify that closure was conducted in accordance with the approved plan. A closure certification report was submitted to Ohio EPA by Millco on April 17, 1991.

Printed on recycled paper

Ms. Marion Gerhardt, Esq.
Millco Construction Company/
BancOhio National Bank
Page 2
July 3, 1991

No violations were found during the inspection. A copy of the inspection checklist has been included for your records as well as copies of the RCRA land disposal restriction checklist. These checklists were also completed as part of the inspection. No violations of the land disposal restriction regulations were found.

BancOhio should submit a revised hazardous waste activity notification form (enclosed) to Ohio EPA indicating that a change of ownership has taken place. If you have any questions concerning the inspection, feel free to call me at (614) 771-7505. Any questions concerning closure issues should be directed to Dave Stroh at (614) 644-2949 or Shane Farolino at (614) 466-2766.

Sincerely,

Based on factors outlined in this memorandum, U.S. EPA Region V will not pursue an enforcement action at the present time against Millco located in Worthington, Ohio for Land Disposal Restriction (LDR) violations. U.S. EPA believes that Millco violated the LDR when it purchased material from Inorganic Recycling, Inc., and placed it into piles at its facility. The material is a hazardous waste because it was derived from the treatment of wastewater treatment sludge from electroplating operation (hazardous waste F006), and because it exhibited the hazardous waste characteristic for EP toxicity due to its chromium content (hazardous waste number D007).

The factors which U.S. EPA believe are relevant in using its enforcement discretion are 1) the facility has no ability to pay; and 2) any relief sought in this case would be penalty only.

First, based on discussions with the Ohio Attorney General's Office, (see attached phone memo) Robert M. Miller, the president of the company has very few unattached assets, and faces some \$1,700,000 in unpaid judgements. Additionally, pursuant to the State's Findings and Orders (F&Os), Mr. Miller has agreed to pay the State of Ohio \$21,500 on behalf of Millco, over an extended period of time the time schedule allowed by the State is based on the facility's diminished ability to pay. Documentation regarding the facility's diminished ability to pay is forthcoming from the Ohio Attorney General.

Second, pursuant to the State of Ohio's F&Os, the facility has performed RCRA closure, and no injunctive relief remains to be sought.

Based on the above-mentioned factors, U.S. EPA Region V will not pursue the enforcement action at this time.

cc: Elizabeth Murphy, (CS-3T)

**RCRA HAZARDOUS WASTE FACILITY
COMPLIANCE EVALUATION INSPECTION CHECKLIST**

Facility: Dearborn Corporate Center, Dearborn MI
USEPA I.D.: OHD986971422 HWFB No.: N/A

REMARKS - GENERAL INFORMATION

Include list of wastes being managed at the site and a brief description of site activity and waste handling procedures:

BancOhio is presently operating this site as a non-handler. No hazardous waste is currently being generated or stored at the facility. BancOhio took over the property on March 13, 1991 as part of foreclosure procedures against the previous owner Millco Construction Co.

In September, 1988, Millco purchased aggregate material from Inorganic Recycling, Inc. and placed it in a pile at its property on Dearborn Park Lane. It was to be used as parking lot base in its operations. The material was found to be EP toxic for chromium by the Ohio EPA. Since the material was also derived from electroplating sludge, it is also considered to be a F006 hazardous waste.

Director's Findings and Orders were issued on June 6, 1989 directing Millco to remove the hazardous waste pile and submit a closure plan. The case was referred to the Ohio Attorney General's Office when the Orders were not complied with by the stated deadlines. A closure plan was approved with modifications on October 26, 1990. The contents of the waste pile were removed between November, 1990 and January, 1991. A closure certification report was submitted by Millco on April 17, 1991. Sample results in this report indicate that all hazardous wastes and contaminated soils have been removed from the site. During closure, some soils which tested above the "Clean" levels established in the closure plan were taken to a solid waste landfill instead of a hazardous waste facility as was stated would be done in the closure plan. This matter has been referred to the Ohio Attorney General.

PERMIT STATUS

Y/N/NA RMK#

1. Has the facility submitted a Part A application to Ohio EPA in accordance with OAC 3745-50-40?

 N

When was the facility's Part A submitted:

2. Is the facility operating in compliance with the terms conditions of its HWFB permit?

 N/A

If not, has a Permit Change Request (PCR) been submitted in accordance with 3745-50-51?

If yes, what date was the PCR submitted? _____

3. Has the facility submitted a Part B?

 N

REMARKS - PERMIT STATUS

OAC 3745-65-et seq. GENERAL FACILITY STANDARDS

IDENTIFICATION NUMBER (OAC 3745-65-11)

Y/N/NA RMK #

1. Has the facility owner/operator notified U.S. EPA of hazardous waste activity and obtained a U.S. EPA identification number [OAC 3745-65-11]?

Y

ANNUAL REPORT REQUIREMENT (OAC 3745-65-75)

2. Has the owner/operator submitted an annual Treatment-Storage-Disposal Operating Report to the Director of the Ohio EPA by March 1st of each calendar year? [3745-65-75]

Y

WASTE ANALYSIS/WASTE ANALYSIS PLAN (OAC 3745-65-13)

3. Does the owner/operator (o/o) have a detailed chemical and physical analysis of the waste material containing all of the information which must be known to properly treat, store or dispose of the waste as required by 3745-65-13(A)(1)?
4. Is the waste analysis repeated when a process or operation generating hazardous waste changes? [3745-65-13(A)(3)(a)]
5. For off-site facilities; Is the waste analysis repeated when results of inspections under 3745-65-13(A)(4) reveal hazardous waste received at the facility does not match the waste designated on the accompanying manifest? [3745-65-13(A)(3)(b)]
6. Does o/o have a written waste analysis plan which includes the following information [OAC 3745-65-13(B)(1) through (6)]:
- a. The parameters for which each hazardous waste will be analyzed and rationale for the selection of these parameters? [3745-65-13(B)(1)]
- b. The test methods to be used? [3745-65-13(B)(2)]
- c. The sampling method which will be used, either one of the sampling methods described in Appendix I of 3745-51-20 or an equivalent method as defined in OAC 3745-50-10? [3745-65-13(B)(3)(a)(b)]
- d. The frequency with which the initial analysis of the waste will be reviewed/repeated to ensure that the analysis is accurate and up-to-date? [3745-65-13(B)(4)]

e. FOR OFF-SITE FACILITIES: The waste analysis that hazardous waste generators have agreed to supply? [3745-65-13(B)(5)]

N/A _____

f. FOR OFF-SITE FACILITIES: The sampling methods and procedures which will be used to inspect and, if necessary, analyze each movement of hazardous waste received at the facility to ensure that it matches the identification of the waste on the manifest [3745-65-13(C)]?

N/A _____

g. FOR FACILITIES OPERATING SURFACE IMPOUNDMENTS EXEMPT FROM LAND DISPOSAL RESTRICTIONS UNDER 3745-59-04(A):

N/A _____

Does the waste analysis plan include procedures and schedules for:

- i. The sampling of impoundment contents? [3745-65-13(B)(7)]
- ii. The analysis of test data? [3745-65-13(B)(7)]
- iii. The annual removal of residues which are not delisted or which exhibit the characteristic of a hazardous waste and either do not meet treatment standards (3745-59-44) or where no treatment standards have been established? [3745-65-13-(7)]

h. Where applicable: The methods which will be used to meet the additional waste analysis requirements of rules 3745-59-07, 3745-67-25, 3745-67-52, 3745-67-73, 3745-68-14, 3745-68-41, 3745-68-75 and 3745-69-02 of the OAC? [3745-65-13(B)(6)]

N/A _____

REMARKS - WASTE ANALYSIS REQUIREMENTS

NOTE: THE FOLLOWING REQUIREMENTS ARE APPLICABLE TO BOTH ON-SITE AND OFF-SITE TREATMENT, STORAGE AND DISPOSAL FACILITIES.

1. Does the o/o maintain a written operating record at the facility as required by 3745-65-73(A) which contains the following information:

a. Description and quantity of each hazardous waste treated, stored or disposed of within the facility and the date and method pertinent to such treatment, storage or disposal? [3745-65-73(B)(1)]

N/A _____

b. Common name, EPA Hazardous Waste Identification Number and physical state (solid, liquid, gas) of the waste?

N/A _____

c. The estimated (or actual) weight, volume or density of the waste material?

N/A _____

d. A description of the method(s) used to treat, store or dispose of the waste using the EPA handling codes listed in Table 2 of OAC 3745?

N/A _____

e. The present physical location of each hazardous waste within the facility and cross references to specific manifest document numbers?

N/A _____

f. Records of incidents which required implementation of the Contingency Plan?

N/A _____

g. Records of any waste analyses and trial tests required to be performed?

N/A _____

h. Records of the inspections required under the General Inspection Requirements under 3745-65-15?

N/A _____

i. Records of any monitoring, or analytical data required under other Subparts as referenced by 3745-65-73(B)(6)?

N/A _____

j. FOR DISPOSAL FACILITIES, location and quantity of each hazardous waste recorded on a facility map and cross-references to manifest document numbers? [3745-65-73(B)(2)]

N/A _____

k. Records of closure cost estimates and post-closure (DISPOSAL ONLY) cost estimates required by OAC 3745-66?

N/A _____

NOTE: THE FOLLOWING RECORDKEEPING REQUIREMENTS ARE APPLICABLE ONLY TO OFF-SITE TSDS.

	Y/N/NA	RMK #
2. Are manifests received by the facility signed and dated? [3745-65-71(A)(1)]	N/A	
3. Is one copy given to the transporter, one copy sent to the generator within 30 days and one copy kept for at least 3 years? [3745-65-71(A)]	N/A	
a. If shipping papers are used in lieu of manifests (bulk shipments, etc.), are the same requirements met [3745-65-71(B)]?	N/A	
b. Are any significant discrepancies in the manifest, as defined in 3745-65-72(A) noted in writing on the manifest document?	N/A	
4. Have any manifest discrepancies been reconciled within 15 days as required by 3745-65-72(B) or has the o/o submitted the required information to the Director?	N/A	
5. If the facility has accepted any unmanifested hazardous wastes from off-site sources for treatment, storage, or disposal, has an unmanifested waste report containing all the information required by 3745-65-76(A) been submitted to the Director within 15 days?	N/A	

REMARKS - OPERATING RECORD REQUIREMENTS

GENERAL INSPECTION REQUIREMENTS (OAC 3745-65-15)

Y/N/NA RMK #

1. Does the o/o inspect the facility on a weekly basis for malfunctions, deterioration, operator errors and discharges which may cause a release of hazardous waste or hazardous waste constituents or may pose a threat to human health? [3745-65-15(A)(1)(2)] If so, N/A
- a. Are the inspections recorded in an inspection log or summary as required by 3745-65-15(D)? [3745-65-15(A)] N/A
- b. Do records contain date and time of inspection, name of inspector, notation of observations made and date and nature of any repairs or remedial actions as required by 3745-65-15(D)? [3745-65-15(A)] N/A
- c. Are inspection records maintained at the facility for at least (3) years as required by 3745-65-15(D)? [3745-65-15(A)] N/A
2. Has the owner/operator developed a written inspection schedule for inspecting; monitoring equipment, safety equipment, emergency equipment, security devices and operating and structural equipment (e.g. dikes, sumps)? [3745-65-15(B)] If so, N/A
- a. Is the schedule kept at the facility? [3745-65-15(B)(2)] N/A
- b. Does the schedule identify the types of problems which are to be looked for during the inspection? [3745-65-15(B)(3)] N/A
- c. Does the schedule include inspection of areas subject to spills (i.e. loading and unloading areas) daily when in use and according to other applicable regulations when not in use? [3745-65-16(B)(4)] N/A

REMARKS - GENERAL INSPECTION REQUIREMENTS

SECURITY REQUIREMENTS (OAC 3745-65-14)

Y/N/NA RMK #

1. a. Would physical contact with the waste structures or equipment injure unknowing/unauthorized person or livestock entering the facility? [3745-65-14(A)(1)]

N

b. Would disturbance of the waste cause a violation of the hazardous waste regulations? [3745-65-14(A)(2)]

N

IF BOTH 1A AND 1B ARE NO, MARK QUESTIONS 2 AND 3 NOT APPLICABLE.

2. Does the facility have -

a. A 24-hour surveillance system, or;

N/A

b. An artificial or natural barrier and a means to control entry at all times? [3745-65-14(B)(2)(a)(b)]

N/A

3. Does the facility have a sign "Danger-Unauthorized Personnel Keep Out" at each entrance to the active portion of the facility and at other locations as necessary? [3745-65-14(C)]

N/A

REMARKS - SECURITY REQUIREMENTS

PERSONNEL TRAINING (OAC 3745-65-16)

Y/N/NA RMK #

1. Does the facility provide a Personnel Training Program in compliance with 3745-65-16(A)(B)(C) including instruction in safe equipment operation and emergency procedures, and implementation of the contingency plan? N/A _____
2. Does the facility provide Personnel Training to new employees within 6 months after the date of their employment as required by 3745-65-16(B)? N/A _____
3. Does the facility provide an annual training program refresher course as required by 3745-65-16(B)? N/A _____
4. Does the facility keep all of the records required by 3745-65-16(D)(E) including written job titles, job descriptions and documented employee training records? N/A _____

REMARKS - PERSONNEL TRAINING

1. Does the o/o have a written Contingency Plan which contains the following? [3745-65-52(A)(B)(C)(D)(E)]:
 - a. Actions to be taken by personnel in the event of an emergency incident? N/A _____
 - b. Arrangements or agreements with local or state emergency authorities? N/A _____
 - c. Names, addresses and telephone numbers of all persons qualified to act as emergency coordinator? N/A _____
 - d. A list of all emergency equipment including location, physical description and outline of capabilities? N/A _____
 - e. If required due to the actual hazards associated with the waste handled, an evacuation plan for facility personnel? [3745-65-52(F)]? N/A _____
2. Is the Contingency Plan designed to minimize hazards to human health or the environment from fires, explosions or any unplanned release of hazardous waste or hazardous waste constituents to air, soil or surface water? [3745-65-51(A)] N/A _____
3. Is a copy of the Contingency Plan and any plan revisions maintained on-site and has it been submitted to all local and state emergency service authorities that might be required to participate in execution of the plan? [3745-65-53(A)(B)] N/A _____
4. Is the plan revised in response to rule changes, facility, equipment and personnel changes or failure of the plan? [3745-65-54] N/A _____
5. Is an emergency coordinator who is familiar with all aspects of site operation and emergency procedures who has the authority to implement all aspects of the Contingency Plan designated at all times (on-site or on-call)? [3745-65-55] N/A _____

6. If an emergency situation has occurred, has the emergency coordinator implemented all or part of the Contingency Plan and taken all of the actions and made all of the notifications necessary under 3745-65-56(A-J)?

N/A _____

REMARKS - CONTINGENCY PLAN REQUIREMENTS

PREPAREDNESS AND PREVENTION (OAC 3745-65-30 TO 3745-65-37)

Y/N/NA RMK #

1. Is the facility operated to minimize the possibility of fire, explosion, or non-planned release of hazardous waste? [3745-65-31] Y _____
2. Has there been a fire, explosion or non-planned release of waste at the facility since date of last inspection? N _____
 - a. If yes, was the contingency plan implemented? [3745-65-51(B)] N/A _____
3. If required due to actual hazards associated with the waste, does the facility have the following equipment: [3745-65-32(A)(B)(C)(D)]
 - a. Internal alarm system? N/A _____
 - b. Access to telephone, radio or other device for summoning emergency assistance? N/A _____
 - c. Portable fire control equipment, spill control and decontamination equipment? N/A _____
 - d. Water of adequate volume and pressure via hoses, sprinkler, foamers or sprayers? N/A _____
4. Is all required spill control and decontamination equipment, fire and communications equipment tested on a weekly basis and maintained as necessary? [3745-65-33] N/A _____
 - a. Does the facility keep an equipment testing log required by 3745-65-33(B), including date and time of test, observations made, and date and nature of any repairs? N/A _____
5. If required due to the actual hazards associated with the waste, do personnel have immediate access to an emergency communication device? [3745-65-34] N/A _____
6. If required due to the actual hazards associated with the waste, is adequate aisle space maintained to allow unobstructed movement of emergency or spill control equipment? [3745-65-35] N/A _____
7. If required due to the actual hazards associated with the waste, has the facility attempted to make appropriate arrangements with local authorities to familiarize them with possible hazards and facility layout? [3745-65-37(A)] N/A _____

8. Where state and local emergency service authorities have declined to enter into any proposed special arrangements or agreements, has the refusal been documented?
[OAC 3745-65-37(B)]

IGNITABLE/REACTIVE/INCOMPATIBLE WASTES

OAC 3745-66 CLOSURE AND POST CLOSURE

	Y/N/NA	RMK #
1. Is a written closure plan on file at the facility which contains the following elements: [3745-66-12]?	<u>Y</u>	<u> </u>
a. A description of how each hazardous waste management unit will be closed in accordance with 3745-66-11?	<u>Y</u>	<u> </u>
b. A description of how final closure will meet the requirements of 3745-66-11?	<u>Y</u>	<u> </u>
c. An estimate of the maximum amount of hazardous waste ever in inventory?	<u>Y</u>	<u> </u>
d. A description of steps taken to remove or decontaminate facility equipment containment systems, structures, soils, and all hazardous waste residues?	<u>Y</u>	<u> </u>
e. The year closure is expected to begin and a schedule for the various phases of closure?	<u>Y</u>	<u> </u>
f. A description of other activities necessary to ensure closure with the performance standards including ground water monitoring, leachate collection, and run-off control?	<u>Y</u>	<u> </u>
2. Has the closure plan (and post-closure plan, if applicable) been amended 60 days prior to any changes in facility design, processes, or closure dates or 60 days after an unexpected event occurs which affects the closure plan? [3745-66-12(C)]	<u>N/A</u>	<u> </u>
3. Has the closure plan (and post-closure plan, if applicable) for surface impoundment, waste pile, land treatment or landfill units been submitted to the Director 180 days prior to beginning the closure process? [3745-66-12(D)]	<u>Y</u>	<u> </u>
4. Has the closure plan (and post-closure plan, if applicable) for tank, container storage or incinerator units been submitted to the Director 45 days prior to beginning the closure process? [3745-66-12(D)]	<u>N/A</u>	<u> </u>
5. Within 90 days of receipt of the final volume of waste or Director's plan approval, if that is later, was all hazardous waste treated, removed, or disposed in accordance with the approved plan? [3745-66-13(A)]	<u>Y</u>	<u> </u>
6. Was closure completed in accordance with the approved plan within 180 days after receipt of final volume of waste or approval of the plan, if that is later? [3745-66-13(B)]	<u>Y</u>	<u> </u>
7. Did the owner/operator submit to the Director, within sixty (60) days after completion of closure, certification by both the owner/operator and an independent registered professional engineer that the facility has been closed in accordance with the approved closure plan? [3745-66-15]	<u>N</u>	<u>No. 1</u>

8. Did the owner/operator submit to the local zoning authority and the Director a survey plat in accordance with OAC 3745-66-16? N/A

9. What permitted units at the facility have been closed in accordance with an approved Closure Plan?

10. If closure was partial, list the regulated units which remain in use at the facility:

11. If required, has the facility prepared a written post-closure plan? [3745-66-18] N/A

If so, does the post-closure plan include:

a. A description of proposed ground water monitoring? N/A

b. A description of planned maintenance activities? N/A

c. The name, address and phone number of person/office to contact during the post-closure period? N/A

12. For disposal facilities; has the owner/operator submitted to local land authorities and the Director a survey plat within 60 days after certification of closure? [3745-66-19] N/A

13. Has the owner of the property on which a disposal unit is located recorded on the deed that:

a. The land has been used to manage hazardous waste and the type, quantity and location of waste? N/A

b. Land use is restricted under closure and post-closure rules? [3745-66-19] N/A

REMARKS - CLOSURE/POST CLOSURE REQUIREMENTS

No. 1 A closure certification report was submitted on April 17, 1991. However, the owner/operator at the time, Milco Construction Co. did not certify that closure had been conducted in accordance with the closure plan.

OAC 3745-67 TREATMENT OR STORAGE IN WASTE PILES

1. Are waste materials subject to dispersal by wind adequately protected against such dispersal? [3745-67-51] N/A _____
2. If leachate or run-off from a Waste Pile is a hazardous waste, have the following steps been taken to prevent or properly manage the run-off: [3745-67-53]
 - a. (1) The pile has been placed on an impermeable base that is compatible with the waste under conditions of treatment or storage? and; N/A _____
 - (2) A run-on control system capable of handling a 24 hr, 25-yr storm has been implemented? and; N/A _____
 - (3) A run-off management system capable of controlling a 24 hr, 25-yr storm has been implemented? and; N/A _____
 - (4) Facilities associated with run-on and run-off control systems are managed to maintain design capacity after a rain event? N/A _____

OR;

 - b. (1) The pile has been protected from precipitation and run-on in a manner which prevents the generation of leachate and runoff? and; N/A _____
 - (2) No liquids or wastes containing free liquids are placed in the pile? N/A _____
3. Before new waste materials are added to an existing waste pile, is it first ascertained that the material is compatible with the existing waste through appropriate laboratory testing? [3745-67-52] N/A _____

Are the results of the analysis maintained in the facility's operating record as required by 3745-65-137 [3745-67-52] N/A _____
4. Before ignitable or reactive wastes are placed in waste piles are one or both of the following met: [3745-67-56]
 - a. The addition to the pile results in a mixture which no longer meets the definition of Ignitable or Reactive under rules 3745-51-21 or 3745-51-23 and the activity was conducted in compliance with the safety requirements of 3745-65-17? N/A _____
 - b. The Ignitable or Reactive material is physically or otherwise protected from conditions which may cause ignition or reaction? N/A _____

5. Is the waste pile separated or protected from any incompatible materials which may be stored nearby?
[3745-67-57(B)] N/A
6. At closure, have all waste residues and contaminated soils and structures been managed as hazardous waste? N No. 2

NOTE: If all contaminated soils, structures, etc., cannot be removed, post-closure care as a landfill must be conducted. [3745-67-58]

REMARKS - WASTE PILE REQUIREMENTS

- No. 2 Some contaminated soils which the closure plan stated would be managed as F006 hazardous waste, were sent to a solid waste landfill.

INSPECTION SUMMARY

Processes That Generate LDR Wastes:

BancOhio is presently operating this site as a non-handler. No hazardous waste is currently being generated or stored at the facility. BancOhio took over the property on March 13, 1991 as part of foreclosure procedures against the previous owner Millco Construction Co.

LDR Waste Management:

The facility was classified as a TSD when the previous owner created a hazardous waste pile containing F006 and D007 wastes on the property. The pile has gone through closure and the present owner is operating the site as a non-handler.

Summary:
